

Olena Golubiatnikova

Senior Product Designer with 8+ years of experience shaping product strategy and digital experiences across eCommerce, FinTech, B2B, and B2C. Skilled in product discovery, user research, interaction design, prototyping, and design systems. Experienced in integrating AI-assisted tools into design workflows.

Experience

Senior Product Designer at **Wunderflats**

Apr 2024 – Present | Berlin, Germany

- Redesigned the payment flow, reducing payment failures by 34% and early-stage checkout drop-off.
- Led the redesign of the core booking flow, increasing request-to-booking conversion by 40%.
- Designed solutions for DAC7 regulatory compliance, balancing legal requirements with user experience and enabling 100% user compliance by the deadline.
- Led user research initiatives to uncover user needs, generate product insights, inform product strategy and drive design decisions.

Senior Product Designer at **Innocode**

Aug 2022 – May 2023 | Lviv, Ukraine

- Led research and design for B2B event and app-building platforms in Norway, Sweden, and Canada.
- Conducted user research, ideation workshops, prototyping, and implementation support.
- Led a redesign initiative for the Calendar product, improving retention and acquiring six additional municipalities.

Senior Product Designer at **Grab**

Jun 2021 – Dec 2021 | Singapore

- Led a product design initiative to optimize the verification process across six Southeast Asian markets, increasing KYC penetration by 15%.
- Created a license migration strategy for the Thailand market, achieving the set OKR within the first month.
- Developed prototypes and conducted user testing to refine the product experience.

Senior Product Designer at **GPay**

Jan 2020 – Jun 2021 | Singapore

- Designed an eCommerce platform within the GPay app for the Indian market, supporting thousands of businesses in transitioning online during COVID-19.
- Created an offers channel that increased transactions by 6%.
- Redesigned store onboarding, improving CTR from under 34% to 41%.
